DOTHAN WEEKLY EAGLE

(Published every Friday.)

One year, \$1.00.

Office: Eagle Building, East Troy St., Telephone No. 115.

Saturday, Oct. 30, 1915.

Never look a gift gun in the muzzle.

Every little Ford has a rattle all its own.

Some times a cheap man is called dear by his wife.

It doesn't pay to cut people unless you are a surgeon.

Strange, but the fellow with a sore toe does the biggest kicking.

If all repsons were good men all goodness would soon be used up.

Ever notice how much a woman loves the person who asks her how old she is?

America first is also safety first, but a lots of the hyphenated fail to see it.

So many big hogs at the fair one would think they had been doing and sent work for some time.

Dothan Eagle keeps an eye on the girls, in order to report the freak styles as they appear.

Gunterville Democrat.

What are the balance of us to do for money soon when the automobile manufacturers will have all that's made?

It's usually the fellow who can't hold his own and tries to hold some other fellow's own that gets in trouble.

"Would you stile a temperance lecture by William Jennings Bryan as a 'Dry Lecture'?" Birmingham News. No, grape juicy."

Next year we have congress on primaries again and the want-to-be-candidates are already beating the voices of their friends calling them to run.

The hunting season opens Monday, but game is so scarce after having been protected for several years by Mr. Wallace and his game law that the hunter will get nothing but the benefit of the exercise.

According to the Dothan Eagle Typhimycinphenol is the name of a new germicide. We suppose to make it effective the germ must either try to crawl over it or smell it, and breaks his back because strangled in the process.

The fair being held at Dothan will continue to get bigger and better each succeeding year. It is the logical location for a fair that should finally grow to be one of the largest in the South.

What Makes a Girl Attractive? asks a headline on the woman's page. There are just five letters in the answer: the first one is m and the last one is y. Dothan Eagle.

You don't say "money"? Did that's what you spell and you are away off. The girl is not the attraction to a mercenary. Gunterville Democrat.

And speaking of logical locations we have one right here in a big hospital. The doctors are already working on the proposition and they should and will receive encouragement of a substantial nature. A hospital will not only be a good advertisement for Dothan but will be a boon to a section of Alabama, Georgia and Florida populated by at least 200,000 people.

It's a safe bet that another fair will not be held in Dothan without cheaper transportation facilities to and from the grounds. The charge of 25 cents each way is exorbitant, in fact it is just a hold up with small but the fair association is in no way responsible and tried to prevent it but found they could not do so this time. Some arrangements will be made to get the crowds out to the grounds cheaper next year.

SICK OF WILSON LOVE AFFAIR.

Old man Ed Howe who grew rich running a newspaper out in Kansas moved out to his farm called Potato Hill Farm where he has plenty of time to say what he thinks, although he hasn't been in the room enough in the little four-page monthly paper he is getting out now, and which is devoted to "Indignation and Information." Uncle Ed is sick of the Wilson love affair and says so. Here's how: "How tired I am of the Wilson love affair already. And it has only commenced. I shall see a reference to it in every newspaper for weeks and probably months."

In almost every family you hear protests because the President took notice too soon. But newspapers from the Atlantic down our throats as though we loved and approved it. And here is where we think Uncle Ed will get in bad with the ladies. He says: "Here is a woman of no distinction except that she chased a president and caught him." If the sage of Potato Hill doesn't mind how he dispenses indignation and information—especially the former some woman will be chasing him and not with the purpose of matrimony upon most in her mind either. You Uncle Ed, further indignates over this Wilson love affair as follows: "And the people are compelled to hear about her by the column and page, we even read of her youthful enthusiasm although she confesses to thirty-eight. The people had been thinking of the President as buried in the White House library mourning for his lost mate and reading good books to enable him to meet the grave emergencies of the war, but suddenly they are confronted with the fact that instead of doing those things he has been shipping past the newspaper boys in the evening and spending his time agreeably in holding the widow's hand."

What makes a girl attractive? asks a headline on the woman's page. There are just five letters in the answer: the first one is m and the last one is y. Dothan Eagle.

How we poor who make up the people are imposed upon. When upon he went out and grabbed some of the poor to dinner.

LINCOLN'S ADVICE TO JOHN

Abraham Lincoln once said by the way of a proverb: "He that is not a fool is a fool." He said it with a smile and a wink. Credit and so soon the story came to the surface. The county clerk said: "The county clerk said: 'He that is not a fool is a fool.'"

When he made money he helped his family. One member was John a stepbrother. John was the kind of farmer who wanted always to be selling out and moving. Abraham had helped him but the time came when the strain was too much for him and it has been preserved in a letter full of common sense. In this letter Abraham writes to John:

I learned that you are anxious to sell the land where you live and move to Missouri. I cannot but think such a notion is utterly foolish. What can you do in Missouri better than here? Is the land any richer? Can you there any more than here raise corn and wheat and oats and sell them? If you intend to go to work there is no better place than right where you are if you do not intend to go to work you cannot get along anywhere. Spinning and weaving from place to place can do no good. You have raised no crop this year and what you really want is to sell the land get the money and spend it. Part with the land you have and my life upon it you will never after own a spot big enough to bury you in.

There are always many Johns in farming. They want to sell out they want to move. In reality they want the money to spend it and never after do they own a spot big enough for a grave. Abraham's had long said to John: "Go to work is the only cure for your case. It is the cure for the other Johns."

The Famous W-W-W Rings Are Here

The only objection ever raised against set rings is that the settings come out. This objection has been successfully met by White, Wise & Warner of Buffalo, N. Y., the most progressive ring makers in the United States.

They make the famous W-W-W Guaranteed Rings. Their rings are set so securely that less than five per cent of them ever cause trouble.

Repairing this small percentage free is the biggest ad any firm could possibly have. Notice their ads in the Saturday Evening Post and all the other magazines, then come in and let us show you hundreds of beautiful designs.

They cost no more than ordinary rings. W-W-W Rings and other advertised goods of known and proven value are our specialties.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hires, Ala.—"I must confess," says Mrs. Lulu Alce Red, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continually.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight.

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is sure safe because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Write to: Chatterbox Medicine Co., Ladies' Advisory Dept., Care of The Dothan, Ala. Gazette, for Cardui on your own card, or for a free literature. (Illustration of a woman's face.)

Among the interesting visitors to the fair, this week was Little McLung, editor of the Farm and Home section of the Montgomery Advertiser. Mr. McLung just dropped in to take a look at the fair, and he passed out nice compliments on the show. Through an arrangement with The Advertiser, this week's issue of the paper furnishes its patrons with

the Advertiser's Farm and Home section twice each month, there being no additional charge for this service. This interesting new feature of The Eagle appears in the weekly edition.

TRAINED NURSES ORGANIZE

On yesterday afternoon the trained nurses of Dothan met at the hospital and organized a very enthusiastic club, to be known as the "Nurses Study Club." The object and aim of this organization is to bring about a better relationship between the nurses and nurses profession, to co-operate with each other in moral, mental and physical development, to promote culture in our profession, to promote civic improvements and to co-operate with the people of our city in any and all movements that have for their object the betterment of social and commercial conditions.

After thoroughly discussing aims and purposes of the club the following officers were elected:

President, Mrs. Inscor;
Vice president, Miss Barfield;
Secretary, Miss Sellers;
Treasurer, Miss Dora Askew.

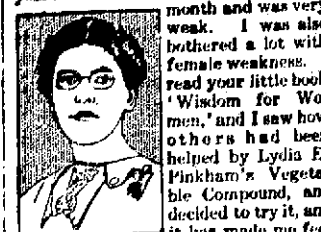

The club decided to meet every two weeks, on Friday afternoons, at four o'clock. The first regular meeting will be held with Mrs. Inscor on November 12. The program for the next meeting has been arranged as follows:

IN STERLING LIVES A GIRL

Who Suffered As Many Girls Do—Tells How She Found Relief.

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Mrs. JOHN TETREAU, Box 116, Sterling, Conn.

Massena, N.Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Anemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVISA MYERS, Box 74, Massena, N.Y.

Young Girls, Heed This Advice.
Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.
